Message from Our Founder

Dear Friends,

Our vision at World Mission University is to equip men and women who have been called by God for an effective ministry in the world. To help achieve this vision we have a dedicated and deeply committed faculty and a highly-qualified staff who have given their lives to serve the Lord through this institution.

Our purpose at World Mission University is three-fold: missionary training, pastoral training, and lay leadership training. To fulfill this purpose, World Mission University offers an excellent program at the college and professional levels for the development of intellectual and moral strength, and the instilling of spiritual power just as the Lord provided His disciples. We are here to serve you in achieving your academic and spiritual goals.

World Mission University seeks to build not only committed servants who will serve in the Church, but also highly-qualified leaders who will transform the society in which they have been called to serve. The foundation upon which our mission is built is the Bible, God's inspired Word. The scripture declares that Christ said to His disciples, "The harvest is plentiful, but the laborers are few, pray therefore the Lord of the harvest to send out laborers into His harvest" (Matthew 9:37, 38).

If God is leading you to World Mission University, we are pleased to welcome you to our family. We will do our best to enable you to become what God has called you to be.

May the Lord guide you as you plan your future for His Kingdom.

Your servant,

Message from the President

Dear Friends,

I am delighted that you are studying at World Mission University. Our desire is to train men and women who will impact the world for Christ. Whether as full time pastors, missionaries or as lay leaders, I believe that God has a clear purpose for each one of us. I am excited that you have decided to answer God's call for ministry.

Every day, our Christian values and beliefs are being challenged and threatened. There is a distinct need for godly, spirit-filled servant leaders to combat these threats and lead men and women through these challenges.

We stand committed to develop godly, spirit-filled servant leaders to be the leading men and women of God to expand His kingdom.

Once God leads you to WMU, I am confident that the faculty, staff and administrators will assist you to grow academically, personally and spiritually to become a godly, spirit-filled servant leader. May God bless you as you seek His guidance.

Denominational Recognition

World Mission University (WMU) is a member of World Evangelical Mission Alliance. WEMA recognizes World Mission University as a major source for training prospective missionaries, ministers, professionals, and church leaders.

A Brief History

On September 28, 1988, the Oriental Mission Church implemented a special committee to pray about the need for a new seminary for training missionaries, pastors, and lay leaders. When the meeting adjourned, the seed that would become World Mission Theological Seminary had been planted. In March 1989, World Mission Theological Seminary started with thirty-two students and Rev. Dong Sun Lim was appointed as the first President.

World Mission Theological Seminary was authorized to issue the Master of Divinity and Master of Arts degrees in 1991, and the Bachelor of Arts degree in 1992 by the California Department of Education. In 1993, the name of the institution was changed from World Mission Theological

Seminary to World Mission University to reflect the school's broader offering of programs.

In August 2003, the institution moved to a new location in Koreatown, a center of downtown Los Angeles. In 2004, World Mission University achieved Candidate Status from the Association for Biblical Higher Education. Today, World Mission University is accredited by the Association of Biblical Higher Education and the School of Theology is accredited by the Association of Theological Schools. All two accrediting agencies are members of the Council for Higher Education Accreditation and recognized by the United States Department of Education.

Statement of Faith

WMU subscribes to the historic creeds of the Church including The Apostle's Creed and stands firmly in the confessional tradition of Protestant Evangelicalism.

1. We believe the Bible is the inspired Word of God and the only standard for faith, life, and academic discipline (2 Peter 1:21; Isaiah 1:20; 2 Thessalonians 2:15; 2 John 9; 1 Timothy 6:20; 2 Timothy 1:14).
2. We believe in the Holy Triune God, existing eternally in three persons, the Father, the Son, and the Holy Spirit (Matthew 28:19; John 10:30; 14:9; 1 John 5:7; 2 Peter 1:2; 2 Corinthians 13:14).
3. We believe in the creation of the universe as presented in Scripture and in the reality of heaven and hell and the literal existence of the devil (Hebrews 1:10; 11:3; Revelation 3:14; Romans 4:17; John 1:3; 1 Corinthians 8:6; 2 Peter 2:4; Jude 6; Acts 5:3; Luke 22:3; Matthew 13:24-30; 1 Corinthians 7:5; 2 Timothy 2:26).
4. We believe God created humankind in His image and likeness, but by the disobedience of Adam, all humankind was alienated from God and lost (Hosea 9:15; Jeremiah 12:8; Psalms 5:5; 11:5; Romans 1:18; John 3:36).
5. We believe that Jesus of Nazareth is the Messiah, the Son of God, born of the Virgin Mary, who died on the cross, was physically

resurrected from the dead, ascended into heaven, and will one day return in His glory to reign upon the earth (Mark 1:1; Matthew 1:25; Luke 1:26-28; Matthew 27:35; 1 Peter 1:3; Matthew 24:30, 64; Mark 13:26; Luke 21:27; John 14:3; 1 Thessalonians 4:15-16).

6. We believe in the gospel of salvation through the cross for those that put their faith in Jesus will be saved (John 1:12; 3:16; Ephesians 2:8-9; Acts 10:43).
7. We believe that the Church is the body of Christ and that the people of God are called to mission, education, and service (Matthew 28:19-20; Luke 4:18-19; Acts 1:8; Ephesians 4:12; 1 Corinthians 9:14, 16).

Student Records and Family Educational Rights and Privacy Act (FERPA)

Student Records

The Board of Directors of World Mission University have adopted a resolution that all school records shall be retained for a minimum of five years with the exception of individual student records which shall be kept permanently, securely, and confidentially. The Board of Directors will from time to time verify that the school administrators are in fact adhering to the requirements of this resolution. All records of the University are located in the main office. The important records, including each student's file, grade reports, and financial records, are stored in fire-proof cabinets and on computer disks. In case of the closing of the school, the World Evangelical Mission Alliance will be responsible to retain all documents.

Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) afford students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day World Mission University (hereinafter referred to as WMU) receives a request for access.

A student should submit to the registrar or academic dean a written request that identifies the record(s) the student wishes to inspect. The registrar or academic dean will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the registrar or academic dean, the official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

A student who wishes to ask WMU to amend a record should write the registrar, academic dean or other official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If WMU decides not to amend the record as requested, WMU will notify the student in writing of the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. After the hearing, if WMU still decide not to amend the record, the student has the right to place a statement with a record setting forth the student's view about the contested information.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

- a. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by WMU in an administrative, supervisory, academic or research, or support staff position; a person or company with whom WMU has contracted (such as an attorney, auditor or collection agent); a person serving on the board of trustees; or members of official committee, such as disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her

professional responsibility. Upon request, WMU discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

- b. Another exception that permits disclosures without consent is the disclosures of directory information, which the law and WMU defines to include the following: a student's name, home and campus address, e-mail address, telephone listing, parent's name and address(es), major field of study, participation in officially recognized activities, dates of attendance, degrees and award received, photograph and the most recent previous educational agency or institution attended.

These exceptions are subject to the right of student to object to the designation of any or all of the types of information listed above as directory information in his or her case, by giving notice to the Dean of Student Affairs on or before September 15 of any year. If such an objection is not received, WMU will release directory information when appropriate.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by WMU to comply with the requirements of FERPA.

Students may review FERPA regulations, frequently asked questions, significant opinions, and other information regarding FERPA through the following website:

www.ed.gov/policy/gen/guid/fpco/index.html

For concerns or issues that were not addressed on the website, students may contact the Office at the following address:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

Academic Freedom Policies

WMU recognizes that within the field of education, academic freedom is a highly held right. In that

regard, WMU will do everything possible to insure that faculty members are given the freedom to represent views, theories, research results, and opinions in the normal process of teaching their assigned courses. However, WMU also recognizes that academic freedom must be weighed in response to the responsibilities of Christian faith and practice. The principles of developing Christian community, the responsibility of leadership by faculty members as role models to the students, and the ethics of Christian faith as prescribed by the school's Statement of Faith also provide the boundaries within which faculty members are given to exercise their academic freedom. Faculty members, who hold differing and potentially contentious theological views, may be asked to step down from their faculty positions. When this happens, WMU will still hold the resigning faculty member in highest regard, realizing that the human perspective on theological truth is never complete and clear.

WMU has adopted the statement of Academic Freedom as developed by the Association of Theological Schools, a recognized accrediting association by the U.S. Department of Education, as its standard concerning faculty academic freedom. The statement reads as follows:

1. The Christian faith directs all thought and life toward God who is the source of truth, the judge of all human thoughts, and the ultimate end of all theological inquiry.
2. The freedom of the Christian always involves a commensurate responsibility toward God and neighbor. It is never the freedom merely to be left alone or ignore basic obligations.
3. Christian freedom exists within the confession of Christian faith. A theological school may acknowledge specific confessional adherence as laid down in its own charter and constitution. A concept of freedom appropriate to a theological school will respect this confessional loyalty, both in the institution and with their individual members. At the same time, no confessional standard obviates the requirement for responsible liberty of conscience in the Christian community and the practice of the highest ideal of academic freedom.

4. While freedom must ultimately be realized through the spirit and loyalties of humanity, it must take form and be protected through concrete standards of institutional practice. Every statement of such standards moves somewhat in the sphere of law and regulation. We recognized that the effectiveness of stated principles depends finally upon the dedication within the Christian theological school to a genuine concern for liberty of mind and spirit in theological teaching.

Right to Review the Academic Record

Students have the right to review their own academic records and files. To review them, a request form must be filed with the Registrar. Any errors will be corrected.

Satisfactory Academic Progress Policy

Non-degree program students are to follow the same guidelines as undergraduate students as stated below.

Full-Time Undergraduate Students:
Satisfactory Academic Progress toward a baccalaureate degree as a full-time undergraduate student is obtained by completing 12 or more credits per semester or 24 or more credits per academic year while maintaining a cumulative GPA of 2.0 or higher. Repeated courses which students previously passed cannot be counted toward minimum Satisfactory Academic Progress requirements. The student must complete the degree requirements within the period of time required when progressing at the minimum full-time rate.

Academic Standing

At the end of each semester, a student's progress will be monitored. When there is evidence of lack of satisfactory progress toward meeting completion requirements, the Academic Committee may place students on academic probation or disqualify them from attendance at the university.

Academic Integrity Commitment

The maintenance of academic integrity and quality education is the responsibility of each student at World Mission University (WMU). Cheating or plagiarism in connection with an academic program is an offense for which a student may be expelled, suspended, or given a less-severe disciplinary action. Academic dishonesty is a serious offense which diminishes the quality of scholarship and defrauds those who depend upon the integrity of the educational system. Academic dishonesty includes:

1. Cheating: Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
 - a. Students completing any examination should assume that external assistance (e.g., Books, notes, calculators, conversations with others) is prohibited unless officially authorized by the instructor.
 - b. Students may not allow others to conduct research or prepare any work for them without advance authorization from the instructor.
 - c. Substantial portions of the same academic work may not be submitted for credit in more than one course without authorization.
2. Fabrication: Intentional falsification or invention of any information or citation in an academic exercise.
3. Facilitation of academic dishonesty: Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.
4. Plagiarism: Intentionally or knowingly representing the works, ideas, or work of another as one's own in any academic exercise.

Provisional Acceptance: A student who is not able to complete the admission file before the deadline may be accepted with full benefits of the school for one semester. This restricted status allows the student the opportunity to complete the admission file. If the student fails to move to the full acceptance status within one semester, he or she will be dismissed.

Probationary Acceptance: A student who does not meet the normal academic standards or lacks other qualifications, but provides a strong indication for academic success may be accepted on probationary status. The student is granted one year to achieve the academic level or other qualifications necessary to move to full acceptance.

Visiting Student: A visiting student is one concurrently enrolled at another school who desires to take courses at WMU for transfer back to their primary school of enrollment.

International Students and Visas

WMU is authorized by the U.S. Government to issue the I-20 form for visas from foreign countries. Once the applicant is accepted, WMU will send various documents including the I-20 form. International students must enroll as full time students, which mean an undergraduate student must take at least 12 credits. International students should direct their questions to the International Student Office.

Spiritual Requirements

All applicants to WMU must be born-again Christians whose lives demonstrate excellent Christ-like character and attitude. Students wishing to enroll at WMU must have a compassionate heart to serve as Christ served and actively engage in the pursuit of spiritual disciplines.

Non-discriminatory Policy

WMU seeks a diverse student body. Everyone has equal opportunity and access to WMU's educational programs and activities. The school does not discriminate on the basis of race, color, age, sex, physical condition, or national origin. Non-discriminatory policies apply to the admissions policy, educational programs, employment, and all other activities that WMU provides.

WMU complies with the provisions of Title VI of the Civil Rights Acts of 1964, Title IX of the Education Amendment of 1972, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975.

Transfer of Credits

World Mission University accepts transfer credits from accredited institutions. Accredited means that the school is listed as accredited in the current issue of Accredited Institutions of Postsecondary Education published by the Council on Higher Education Accreditation or approved by the Ministry of Education for the Republic of Korea. If a degree student desires to transfer credit from another postsecondary school to WMU, an official transcript stating the courses and grades must be submitted to the Director of Admissions prior to acceptance.

Transfer Policy from Accredited Schools:

- Bachelor of Arts in Biblical Studies and Bachelor of Arts in Christian Counseling students can receive a maximum of 84 credits; and
- Bachelor of Arts in Music students can receive a maximum of 86 credits.

The transcripts from foreign educational institutions must be confirmed by an official seal. WMU may ask schools in foreign countries to be evaluated through the American Council for Education.

Only courses receiving a C- or higher are considered for transfer. Students need to submit requests for transfer consideration prior to enrollment.

Transfer Policy from Unaccredited Schools:

The transfer of credit from non-accredited institutions is individually evaluated and determined. Courses are evaluated on an individual basis. If credit is granted, the basic transfer policy for work done at unaccredited American schools or schools in Korea that have not achieved recognition by the Ministry of Education is as follows:

- 1/3 of a credit may be granted for each credit earned at an unaccredited American school that has achieved state approval;
- 1/3 of a credit may be granted for each credit earned at an unaccredited American school that has not achieved state approval with a limit of 20 credits accepted for 60 or more credits work; and
- 1/3 of a credit may be granted for each credit earned at a Korean school that has

not achieved recognition by the Ministry of Education.

It is the responsibility of the student desiring the transfer of credit from a non-accredited institution to provide WMU with academic catalogs of the attended institutions and syllabi of each course to be considered for transfer.

Academic Policies

The school operates on a traditional semester calendar. There are two semesters in the academic year that occur from August to May. The Fall Semester usually starts the last week of August and ends in December. The Spring Semester usually starts the last week of January and ends in May. During the academic year each semester is 16 weeks in length. The Summer and Winter sessions are divided into several two-week intensive courses.

The majority of courses are equivalent to three semester hours of credit and thus requires a minimum of 37 1/2 contact hours. Each credit represents one fifty-minute period of class instruction for each of the fifteen weeks plus approximately two-to-three hours of out-of-class involvement. For field education, 30 hours of ministry involvement is required for one unit.

Undergraduate students must be enrolled for a minimum of 12 semester credits in order to be classified as full-time students. Special permission must be granted to enroll in more than 18 credits per semester for undergraduate students. Such permission must be approved in writing from the Chief Academic Officer before registration. Students can obtain the form in the main office.

Grading

World Mission University utilizes letter grades. Grades are reported to students in writing from the Registrar's Office. Grades are designated as follows:

Grade	GPA	Numeric Description
A	4.0	93+
A-	3.7	90-92
B+	3.3	88-89
B	3.0	83-87

B-	2.7	80-82
C+	2.3	78-79
C	2.0	73-77
C-	1.7	70-72
D+	1.3	68-69
D	1.0	63-67
D-	0.7	60-62
F	0.0	0-59
I	Incomplete**	
CR	Credit***	
NC	No Credit	
H	Hold	
P	Pass	
NP	No Pass	

* A grade of “I” can be raised to a grade of “B+” by the end of the next semester when all course requirements have been satisfied.

** A grade of “CR” will not be included in the computation of Grade Point Average.

*** A grade of “F” can be raised a maximum grade of “B+” after retaking the course.

Repeated Courses

If a student receives a failing grade, the student may retake the course. If the course is retaken, the new grade will be calculated into the student’s Grade Point Average (GPA) replacing the previous failing grade. The credits are counted only once. All grades become a permanent part of the student’s academic history. Student must pay the current tuition to retake the course.

Incomplete policy

Sometimes a student discovers that they are unable to finish their requirements for a course or courses during a semester. Sometimes, life presents us with problems that we have no way of foreseeing or planning for. In these situations, a student may need extra time to complete their course requirements. If a student needs extra time to complete their course work, WMU has devised a way to help individual students work through these problems.

Please be sure to follow the procedures correctly:

First, students need to obtain permission for an incomplete from the Dean of Academic Affairs.

Then, students must obtain approval from the instructor. Students should not assume that he/she will be given an incomplete for a course just because he/she choose not to complete the assignments, tests or quizzes. Instructors will assign grades based on submitted work if students have not been granted an official incomplete from the Dean of Academic Affairs office. Students who have been given an incomplete will not receive credit for the course before work is completed.

Auditing

Regularly matriculated students as well as those not enrolled in the school may audit a course upon the written permission of the Dean of Academic Affairs. An application to audit must be submitted and tuition must be paid before auditing. Credit is not given for audited courses. There are no scholarships available for auditing students. The fee for auditing a course is 50% of the regular tuition. For WMU alumni the audit fee is \$0.00 per course. Some courses are not allowed to audit.

Class Attendance

Regular classroom attendance is crucial, and students are expected to attend all classes. Absences exceeding 1/3(6 wks) of the total scheduled class periods(16 wks) will result in an automatic failing grade.

Registration

To begin study, all students must submit registration forms each semester which have been approved by the students’ academic advisor. Student information, the title and number of the course, academic advisors signature and students’ signature regarding the financial policy are required.

Full/Part Time Status

Undergraduate students who register for 12 or more semester credits are considered full time students. However, in order to graduate on-time, undergraduate students should register for at least 15 credits each semester. Any student whose GPA in a previous semester is 3.5 or above can register for up to 21 semester credits with the Chief Academic Officer’s approval.

Time Limits for Completion of Degree

All courses and examination requirements must be completed within six years beginning from the date of the student's first registration at World Mission University. An extension may be granted for special circumstances.

Requirements for Graduation

In addition to the regulations outlined under the sections dealing with degree requirements in this catalog, a Grade Point Average of 2.0 or above is required for graduation with the bachelor's degree. Students must fulfill all financial obligations to WMU and file a petition to graduate before the middle of February to be eligible to receive a degree in June.

Thesis

B.A. students may write a senior thesis as an elective and can earn 3 credits. Students need to follow three steps for the approval of the thesis: 1) the approval of the subject by the advisor, 2) the approval of the outline and prospectus by the advisor, and 3) the approval of the first draft and following drafts by the Thesis Committee. Two readers will be assigned to read each thesis for evaluation.

Application for Graduation

Students must file their applications and pay their graduation fee at the time of enrollment for their last semester of study. All financial accounts and documents, files, etc., are to be in satisfactory order before a student is permitted to graduate. Students are expected to be present for graduation. Graduation in absentia will be permitted only by special approval of the Chief Academic Officer in response to a written request that cites acceptable reasons.

Academic Freedom Policies

WMU recognizes that within the field of education, academic freedom is a highly held right. In that regard, WMU will do everything possible to insure that faculty members are given the freedom to represent views, theories, research results, and opinions in the normal process of teaching their assigned courses. However, WMU also recognizes

that academic freedom must be weighed in response to the responsibilities of Christian faith and practice. The principles of developing Christian community, the responsibility of leadership by faculty members as role models to the students, and the ethics of Christian faith as prescribed by the school's Statement of Faith also provide the boundaries within which faculty members are given to exercise their academic freedom. Faculty members, who hold differing and potentially contentious theological views, may be asked to step down from their faculty positions. When this happens, WMU will still hold the resigning faculty member in highest regard, realizing that the human perspective on theological truth is never complete and clear.

WMU has adopted the statement of Academic Freedom as developed by the Association of Theological Schools, a recognized accrediting association by the U.S. Department of Education, as its standard concerning faculty academic freedom. The statement reads as follows:

1. The Christian faith directs all thought and life toward God who is the source of truth, the judge of all human thoughts, and the ultimate end of all theological inquiry.
2. The freedom of the Christian always involves a commensurate responsibility toward God and neighbor. It is never the freedom merely to be left alone or ignore basic obligations.
3. Christian freedom exists within the confession of Christian faith. A theological school may acknowledge specific confessional adherence as laid down in its own charter and constitution. A concept of freedom appropriate to a theological school will respect this confessional loyalty, both in the institution and with their individual members. At the same time, no confessional standard obviates the requirement for responsible liberty of conscience in the Christian community and the practice of the highest ideal of academic freedom.
4. While freedom must ultimately be realized through the spirit and loyalties of humanity, it must take form and be protected through concrete standards of institutional practice.

Every statement of such standards moves somewhat in the sphere of law and regulation. We recognized that the effectiveness of stated principles depends finally upon the dedication within the Christian theological school to a genuine concern for liberty of mind and spirit in theological teaching.

Withdrawal & Leave of Absence

Students wishing to withdraw from the school must complete a Petition to Withdraw, secure the necessary signatures, and submit it to the registrar's office. Courses must be officially dropped or a grade of "F" will be entered on the permanent record. Failure to properly withdraw will result in the student not being allowed to re-enroll in the future or to receive proper refunds.

In the case of discontinuing course work due to serious illness or other valid reasons, permission for a leave of absence may be granted by the Chief Academic Officer. The student must submit a Leave of Absence Form and in certain cases submit a petition with documentation (i.e., a note from a licensed doctor, etc.).

Contract, Cancellation, and Dismissal

Registration can be canceled anytime by students without hindrance. The contract and cancellation forms are available in the admissions office.

Concerning refunds, see the Financial Information section.

Students who do not register consecutively for more than two semesters without written notification will be dismissed automatically for academic reasons. Dismissed students desiring to be re-admitted must submit a re-admission application.

Right to Review the Academic Record

Students have the right to review their own academic records and files. To review them, a request form must be filed with the Registrar. Any errors will be corrected.

Satisfactory Academic Progress Policy

Full-Time Undergraduate Students:

Satisfactory Academic Progress toward a baccalaureate degree as a full-time undergraduate student is obtained by completing 12 or more credits per semester or 24 or more credits per academic year while maintaining a cumulative GPA of 2.0 or higher. Repeated courses which students previously passed cannot be counted toward minimum Satisfactory Academic Progress requirements. The student must complete the degree requirements within the period of time required when progressing at the minimum full-time rate. For example, in a program requiring 126 credits progressing at 12 credits, a student would have 11 semesters (approximately 5 years) to complete the program. When a student takes 12 credits each semester, he/she is considered full time, however, in order to complete the program within the "normal" time frame, a student must take approximately 15 credits each semester.

Academic Standing

At the end of each semester, a student's progress will be monitored. When there is evidence of lack of satisfactory progress toward meeting graduation requirements, the Academic Committee may place students on academic probation or disqualify them from attendance at the university.

Academic Warning

Undergraduate students receive an academic warning when the semester GPA is lower than 2.0 but the cumulative WMU GPA is 2.0 or higher. This notation is not recorded on the student's academic transcript.

Academic Probation

To remain in acceptable academic standing, an undergraduate student must maintain a cumulative GPA of 2.0 in their course work taken at World Mission University. The school will notify the student in writing, when their cumulative GPA is below 2.0 and place the student on academic probation for two semesters. Academic probation will be recorded on the student's permanent academic record.

Students on academic probation are limited to a course load of 12 credits or fewer.

A student failing to attain the minimum GPA during the probationary period may be dismissed. If the student remains on probation for two consecutive semesters the student may be dismissed from WMU.

Incoming students may be admitted on academic probation.

The student's High School or undergraduate GPA was below the admission standard.

Probation Removed

If the student raises their cumulative GPA above the minimum requirement during the probation period, he/she will be removed from probation and it will be recorded on student's academic record.

Appeals

If a student is dismissed for failure to meet academic standards, the student may appeal to the Academic Committee for readmission. The student must show that there were exceptional circumstances involved and provide evidence indicating that he or she can remove the GPA deficiency within one semester.

Academic Integrity Commitment

The maintenance of academic integrity and quality education is the responsibility of each student at World Mission University (WMU). Cheating or plagiarism in connection with an academic program is an offense for which a student may be expelled, suspended, or given a less-severe disciplinary action. Academic dishonesty is a serious offense which diminishes the quality of scholarship and defrauds those who depend upon the integrity of the educational system. Academic dishonesty includes:

1. Cheating: Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
 - a. Students completing any examination should assume that external assistance (e.g., Books, notes, calculators, conversations with others) is prohibited unless specifically authorized by the instructor.

- b. Students may not allow others to conduct research or prepare any work for them without advance authorization from the instructor.
- c. Substantial portions of the same academic work may not be submitted for credit in more than one course without authorization.

2. Fabrication: Intentional falsification or invention of any information or citation in an academic exercise.
3. Facilitation of academic dishonesty: Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.
4. Plagiarism: Intentionally or knowingly representing the works, ideas, or work of another as one's own in any academic exercise.

International Students

F-1 students are held to the same standards as regular students and must maintain academic eligibility.

If an F-1 student fails to maintain Satisfactory Academic Progress, he/she will be notified in writing and placed on academic probation for one semester. The F-1 student must show he/she is making progress during the probation period. If at the end of that semester the student has not brought their GPA above the satisfactory level of 2.0 for undergraduate, the student will be dismissed from the university and their I-20 will be terminated.

Financial Aid Students

One of the requirements of eligibilities for federal financial aid is a student must maintain Satisfactory Academic Progress (SAP) and be in good academic standing. At the end of each semester WMU will measure the student's SAP and academic standing in the following ways:

1. Cumulative GPA
All students who have attempted more than 16 credits must maintain a cumulative GPA of 2.0 or higher.

GPA's are reviewed at the end of each semester.

Students who fail to maintain the minimum GPA will be given one semester of probation for Financial Aid in which they must earn the above GPA for that semester or they will be suspended from the Federal Aid programs and not eligible for aid the following semester.

2. Class Completion Rate

The number of credits a student has successfully completed at WMU is calculated each semester.

Full-time undergraduates must complete 21 credits per year in order to graduate on time.

The student has a maximum time limit to complete his/her degree or program at WMU. B.A. degree program maximum time limit is 12 semesters.

Consequences of Failing

Failing to maintain SAP can adversely affect a student's eligibility for current and future financial aid. The student will not be eligible to receive WMU scholarships, Pell Grant or Campus Based funds until he/she regains eligibility or a petition is approved on his/her behalf. Even if a student's petition receives approval, he/she may not be eligible to receive funds from past semesters.

Financial Aid SAP Petition Policy

WMU acknowledges that there are certain circumstances that may limit a student completing his/her courses or maintaining SAP. Students can request a petition for a SAP waiver if they meet one of the following criteria:

- Death in the family;
- Illness or medical emergency; and
- Other performance factors beyond a student's control.

To petition, a student must submit the following documentation:

- A letter explaining the exceptional circumstances that affected the student's ability to meet the Financial Aid SAP requirements;

- A resolution or plan of action explaining how the student will assure future academic success;
- A statement from the student's academic advisor confirming his/her ability to meet the SAP requirements; and
- Documentation of illness or medical condition. The student must provide a letter from his/her attending physician confirming that his/her condition will no longer hinder the student's ability to succeed academically. The letter must include the dates the condition occurred. The dates must coincide with the period in which the student failed to meet Financial Aid SAP requirements.

The Academic Committee will make a decision and notify the student in writing of a decision within 30 days of submission. Decisions of the Academic Committee are final.

GRADUATE PROGRAMS

MASTER'S DEGREE PROGRAMS

Graduate programs at WMU equip students to combine academic discipline with Christian formation and discipleship. Students are expected to demonstrate they have acquired knowledge on a graduate level of competency. The programs are designed to integrate knowledge of biblical and theological disciplines with practical skills to help broaden the student's Christian worldview.

Graduate studies are fundamentally different than undergraduate studies. Graduate students are expected to take significant responsibility in determining what to learn and how to learn it.

Instead of submitting course work to professors, graduate students will often submit or orally present work to their peers for comments, reflection, and ideas for improvement. Sometimes this involves team projects. A research paper at the bachelor's level may primarily require that a student report what authors have said. Graduate students will be required to evaluate an author's work, or suggest applications to their ministries. In short, graduate students are responsible to take initiative – they are partners with their professors in their own equipping.

Transfer of Credits

World Mission University accepts transfer credits from accredited institutions. Accredited means that the school is listed as accredited in the current issue of Accredited Institutions of Postsecondary Education published by the Council on Higher Education Accreditation or approved by the Ministry of Education for the Republic of Korea. If a degree student desires to transfer credit from another postsecondary school to WMU, an official transcript stating the courses and grades must be submitted to the Director of Admissions prior to acceptance.

Transfer Policy from Accredited Schools:

- Master of Arts in Music students can receive a maximum of 22 credits;
- Master of Arts in Christian Counseling students can receive a maximum of 23 credits;
- Master of Arts in Theology students can receive a maximum of 26 credits; and

Only courses receiving C or higher are considered for transfer. Students need to submit requests for transfer consideration prior to enrollment.

Transfer Policy from Unaccredited Schools:

The transfer of credit from non-accredited institutions is individually evaluated and determined. Courses are evaluated on an individual basis. If credit is granted, the basic transfer policy for work done at unaccredited American schools or schools in Korea that have not achieved recognition by the Ministry of Education is as follows:

- 1/3 of a credit may be granted for each credit earned at an unaccredited American school that has achieved state approval;

Academic Policies

The school operates on a traditional semester calendar. There are two semesters in the academic year that occur from August to May. The Fall Semester usually starts the last week of August and ends in December. The Spring Semester usually starts the last week of January and ends in May. During the academic year each semester is 16 weeks in length. The Summer and Winter sessions are divided into several two-week intensive courses.

The majority of courses are equivalent to three semester hours of credit and thus requires a minimum of 37 1/2 contact hours. Each credit represents one fifty-minute period of class instruction for each of the fifteen weeks plus approximately two-to-three hours of out-of-class involvement. For field education, 30 hours of ministry involvement is required for one unit.

Graduate students must be enrolled for a minimum of 9 semester credits in order to be classified as full-time students. Special permission must be granted to enroll in more than 15 credits per semester. Such permission must be approved in writing from the Chief Academic Officer before registration. Students can obtain the form in the main office.

Grading

World Mission University utilizes letter grades. Grades are reported to students in writing from the Registrar's Office. Grades are designated as follows:

Grade	GPA	Numeric Description
A	4.0	93+
A-	3.7	90-92
B+	3.3	88-89
B	3.0	83-87
B-	2.7	80-82
C+	2.3	78-79
C	2.0	73-77

C-	1.7	70-72
D+	1.3	68-69
D	1.0	63-67
D-	0.7	60-62
F	0.0	0-59

I	Incomplete**
CR	Credit***
NC	No Credit
H	Hold
P	Pass
NP	No Pass

* A grade of "I" can be raised to a grade of "B+" by the end of the next semester when all course requirements have been satisfied.

** A grade of "CR" will not be included in the computation of Grade Point Average.

*** A grade of "F" can be raised a maximum grade of "B+" after retaking the course.

Repeated Courses

If a student receives a failing grade, the student may retake the course. If the course is retaken, the new grade will be calculated into the student's Grade Point Average (GPA) replacing the previous failing grade. The credits are counted only once. All grades become a permanent part of the student's academic history. Student must pay the current tuition to retake the course.

Incomplete policy

Sometimes a student discovers that they are unable to finish their requirements for a course or courses during a semester. Sometimes, life presents us with problems that we have no way of foreseeing or planning for. In these situations, a student may need extra time to complete their course requirements. If a student needs extra time to complete their course work, WMU has devised a way to help individual students work through these problems.

Please be sure to follow the procedures correctly: First, students need to obtain permission for an incomplete from the Dean of Academic Affairs. Then, students must obtain approval from the instructor. Students should not assume that he/she will be given an incomplete for a course just because he/she choose not to complete the assignments, tests or quizzes. Instructors will

assign grades based on submitted work if students have not been granted an official incomplete from the Dean of Academic Affairs office. Students who have been given an incomplete will not receive credit for the course before work is completed.

Auditing

Regularly matriculated students as well as those not enrolled in the school may audit a course upon the written permission of the Dean of Academic Affairs. An application to audit must be submitted and tuition must be paid before auditing. Credit is not given for audited courses. There are no scholarships available for auditing students. The fee for auditing a course is 50% of the regular tuition. For WMU alumni the audit fee is \$0.00 per course. Some courses are not allowed to audit.

Class Attendance

Regular classroom attendance is crucial, and students are expected to attend all classes. Absences exceeding 1/3(6 wks) of the total scheduled class periods(16 wks) will result in an automatic failing grade.

Registration

To begin study, all students must submit registration forms each semester which have been approved by the students' academic advisor. Student information, the title and number of the course, academic advisors signature and students' signature regarding the financial policy are required.

Full/Part Time Status

Graduate students must register for 9 or more semester credits to be considered full time students. However, in order to graduate on-time, graduate students at least 12 credits each semester. Any student whose GPA in a previous semester is 3.5 or above can register for up to 18 semester credits with the Chief Academic Officer's approval.

Time Limits for Completion of Degree

All courses and examination requirements must be completed within four and a half years for the M.Div., and three years for the M.A. degree programs beginning from the date of the student's

first registration at World Mission University. An extension may be granted for special circumstances.

Requirements for Graduation

A Grade Point Average of 2.5 or above for the master's is required for graduation. Students must fulfill all financial obligations to WMU and file a petition to graduate before the middle of February to be eligible to receive a degree in June. A graduate ministry project for all master's degree level is required. M.Div students must pass a comprehensive Bible exam before graduation.

Ministry Project

M.Div. students must write a thesis or ministry project for graduation. Students need to follow three steps for the approval of the thesis or ministry project; 1) the approval of the subject by the advisor, 2) the approval of the outline and prospectus by the advisor, and 3) the approval of the first draft and following drafts by the thesis or ministry project Committee. Two readers will be assigned to read each project for evaluation.

Comprehensive Counseling Exam

Graduation from M.A.C.C. program students requires passing of a comprehensive Counseling exam.

Comprehensive Bible Exam

Graduation from M.Div program students requires passing of a comprehensive Bible exam. Students must pass the exam during the length of study for graduation.

Application for Graduation

Students must file their applications and pay their graduation fee at the time of enrollment for their last semester of study. All financial accounts and documents, files, etc., are to be in satisfactory order before a student is permitted to graduate. Students are expected to be present for graduation. Graduation in absentia will be permitted only by special approval of the Chief Academic Officer in response to a written request that cites acceptable reasons.

Academic Freedom Policies

WMU recognizes that within the field of education, academic freedom is a highly held right. In that regard, WMU will do everything possible to insure that faculty members are given the freedom to represent views, theories, research results, and opinions in the normal process of teaching their assigned courses. However, WMU also recognizes that academic freedom must be weighed in response to the responsibilities of Christian faith and practice. The principles of developing Christian community, the responsibility of leadership by faculty members as role models to the students, and the ethics of Christian faith as prescribed by the school's Statement of Faith also provide the boundaries within which faculty members are given to exercise their academic freedom. Faculty members, who hold differing and potentially contentious theological views, may be asked to step down from their faculty positions. When this happens, WMU will still hold the resigning faculty member in highest regard, realizing that the human perspective on theological truth is never complete and clear.

WMU has adopted the statement of Academic Freedom as developed by the Association of Theological Schools, a recognized accrediting association by the U.S. Department of Education, as its standard concerning faculty academic freedom. The statement reads as follows:

1. The Christian faith directs all thought and life toward God who is the source of truth, the judge of all human thoughts, and the ultimate end of all theological inquiry.
2. The freedom of the Christian always involves a commensurate responsibility toward God and neighbor. It is never the freedom merely to be left alone or ignore basic obligations.
3. Christian freedom exists within the confession of Christian faith. A theological school may acknowledge specific confessional adherence as laid down in its own charter and constitution. A concept of freedom appropriate to a theological school will respect this confessional loyalty, both in the institution and with their individual members. At the same time, no confessional standard obviates the requirement for responsible liberty of

conscience in the Christian community and the practice of the highest ideal of academic freedom.

4. While freedom must ultimately be realized through the spirit and loyalties of humanity, it must take form and be protected through concrete standards of institutional practice. Every statement of such standards moves somewhat in the sphere of law and regulation. We recognized that the effectiveness of stated principles depends finally upon the dedication within the Christian theological school to a genuine concern for liberty of mind and spirit in theological teaching.

Withdrawal & Leave of Absence

Students wishing to withdraw from the school must complete a Petition to Withdraw, secure the necessary signatures, and submit it to the registrar's office. Courses must be officially dropped or a grade of "F" will be entered on the permanent record. Failure to properly withdraw will result in the student not being allowed to re-enroll in the future or to receive proper refunds.

In the case of discontinuing course work due to serious illness or other valid reasons, permission for a leave of absence may be granted by the Chief Academic Officer. The student must submit a Leave of Absence Form and in certain cases submit a petition with documentation (i.e., a note from a licensed doctor, etc.).

Contract, Cancellation, and Dismissal

Registration can be canceled anytime by students without hindrance. The contract and cancellation forms are available in the admissions office.

Concerning refunds, see the Financial Information section.

Students who do not register consecutively for more than two semesters without written notification will be dismissed automatically for academic reasons. Dismissed students desiring to be re-admitted must submit a re-admission application.

Right to Review the Academic Record

Students have the right to review their own academic records and files. To review them, a request form must be filed with the Registrar. Any errors will be corrected.

Satisfactory Academic Progress Policy

Full-Time Graduate Students:

Satisfactory Academic Progress toward a graduate degree as a full-time graduate student is obtained by completing nine or more credits per semester or 18 or more credits per academic year while maintaining a cumulative GPA of 2.5 or higher. Repeated courses which students previously passed cannot be counted toward minimum Satisfactory Academic Progress requirements. The student must complete the degree requirements within the period of time required when progressing at the minimum full-time rate.

For example, in a program requiring 96 credits progressing at nine credits, a student would have 11 semesters (approximately 5 years) to complete the program. When a graduate student takes 9 credits each semester, he/she is considered full time, however, in order to complete the program within the "normal" time frame, a student must take at least 12 credits each semester.

Academic Standing

At the end of each semester, a student's progress will be monitored. When there is evidence of lack of satisfactory progress toward meeting graduation requirements, the Academic Committee may place students on academic probation or disqualify them from attendance at the university.

Academic Warning

Graduate students receive an academic warning when the semester GPA is lower than 2.5 but the cumulative WMU GPA is 2.5 or higher. This notation is not recorded on the student's academic transcript.

Academic Probation

To remain in acceptable academic standing, WMU graduate students must maintain a cumulative GPA of 2.5 or higher. The school will notify the student in writing, when their cumulative GPA is below 2.5

for graduate students and place the student on academic probation for two semesters. Academic probation will be recorded on the student's permanent academic record.

Students on academic probation are limited to a course load of 9 credits or fewer.

A student failing to attain the minimum GPA during the probationary period may be dismissed. If the student remains on probation for two consecutive semesters the student may be dismissed from WMU.

Incoming students may be admitted on academic probation.

The student's baccalaureate degree was granted from a non-accredited institution. In such cases, the probationary status may be removed after the completion of 12 credit hours of satisfactory work as compared to the required GPA for acceptable academic standing.

Probation Removed

If the student raises their cumulative GPA above the minimum requirement during the probation period, he/she will be removed from probation and it will be recorded on student's academic record.

Appeals

If a student is dismissed for failure to meet academic standards, the student may appeal to the Academic Committee for readmission. The student must show that there were exceptional circumstances involved and provide evidence indicating that he or she can remove the GPA deficiency within one semester.

Academic Integrity Commitment

The maintenance of academic integrity and quality education is the responsibility of each student at World Mission University (WMU). Cheating or plagiarism in connection with an academic program is an offense for which a student may be expelled, suspended, or given a less-severe disciplinary action. Academic dishonesty is a serious offense which diminishes the quality of scholarship and defrauds those who depend upon the integrity of the educational system. Academic dishonesty includes:

1. Cheating: Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
 - a. Students completing any examination should assume that external assistance (e.g., Books, notes, calculators, conversations with others) is prohibited unless specifically authorized by the instructor.
 - b. Students may not allow others to conduct research or prepare any work for them without advance authorization from the instructor.
 - c. Substantial portions of the same academic work may not be submitted for credit in more than one course without authorization.
2. Fabrication: Intentional falsification or invention of any information or citation in an academic exercise.
3. Facilitation of academic dishonesty: Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.
4. Plagiarism: Intentionally or knowingly representing the works, ideas, or work of another as one's own in any academic exercise.

International Students

F-1 students are held to the same standards as regular students and must maintain Academic eligibility.

If an F-1 student fails to maintain Satisfactory Academic Progress, he/she will be notified in writing and placed on academic probation for one semester. The F-1 student must show he/she is making progress during the probation period. If at the end of that semester the student has not brought their GPA above the satisfactory level of 2.5, the student will be dismissed from the university and their I-20 will be terminated.

Academic Freedom Policies

WMU recognizes that within the field of education, academic freedom is a highly held right. In that regard, WMU will do everything possible to insure that faculty members are given the freedom to r opinions in the normal process of teaching their

assigned courses. However, WMU also recognizes that academic freedom must be weighed in response to the responsibilities of Christian faith and practice. The principles of developing Christian community, the responsibility of leadership by faculty members as role models to the students, and the ethics of Christian faith as prescribed by the school's Statement of Faith also provide the boundaries within which faculty members are given to exercise their academic freedom. Faculty members, who hold differing and potentially contentious theological views, may be asked to step down from their faculty positions. When this happens, WMU will still hold the resigning faculty member in highest regard, realizing that the human perspective on theological truth is never complete and clear.

WMU has adopted the statement of Academic Freedom as developed by the Association of Theological Schools, a recognized accrediting association by the U.S. Department of Education, as its standard concerning faculty academic freedom. The statement reads as follows:

1. The Christian faith directs all thought and life toward God who is the source of truth, the judge of all human thoughts, and the ultimate end of all theological inquiry.
2. The freedom of the Christian always involves a commensurate responsibility toward God and neighbor. It is never the freedom merely to be left alone or ignore basic obligations.
3. Christian freedom exists within the confession of Christian faith. A theological school may acknowledge specific confessional adherence as laid down in its own charter and constitution. A concept of freedom appropriate to a theological school will respect this confessional loyalty, both in the institution and with their individual members. At the same time, no confessional standard obviates the requirement for responsible liberty of conscience in the Christian community and the practice of the highest ideal of academic freedom.
4. While freedom must ultimately be realized through the spirit and loyalties of humanity, it must take form and be protected through

concrete standards of institutional practice. Every statement of such standards moves somewhat in the sphere of law and regulation. We recognized that the effectiveness of stated principles depends finally upon the dedication within the Christian theological school to a genuine concern for liberty of mind and spirit in theological teaching.

Withdrawal & Leave of Absence

Students wishing to withdraw from the school must complete a Petition to Withdraw, secure the necessary signatures, and submit it to the registrar's office. Courses must be officially dropped or a grade of "F" will be entered on the permanent record. Failure to properly withdraw will result in the student not being allowed to re-enroll in the future or to receive proper refunds.

In the case of discontinuing course work due to serious illness or other valid reasons, permission for a leave of absence may be granted by the Director of each doctoral program. The student must submit a Leave of Absence Form and in certain cases submit a petition with documentation (i.e., a note from a licensed doctor, etc.).

Contract, Cancellation, and Dismissal

Registration can be canceled anytime by students without hindrance. The contract and cancellation forms are available in the admissions office. Concerning refunds, see the Financial Information section.

Students who do not register consecutively for more than two semesters without written notification will be dismissed automatically for academic reasons. Dismissed students desiring to be re-admitted must submit a re-admission application.

Right to Review the Academic Record

Students have the right to review their own academic records and files. To review them, a request form must be filed with the Registrar. Any errors will be corrected.

Satisfactory Academic Progress Policy

Full-Time Students:

Satisfactory Academic Progress toward a graduate degree as a full-time graduate student is obtained by completing eight or more credits per semester or 16 or more credits per academic year while maintaining a cumulative GPA of 3.0 or higher. Repeated courses which students previously passed cannot be counted toward minimum Satisfactory Academic Progress requirements. The student must complete the degree requirements within the period of time required when progressing at the minimum full-time rate.

Academic Standing

At the end of each semester, a student's progress will be monitored. When there is evidence of lack of satisfactory progress toward meeting graduation requirements, the Academic Committee may place students on academic probation or disqualify them from attendance at the university.

Academic Warning

Doctoral program students receive an academic warning when he/she earns a B- in a course. This notation is not recorded on the student's academic transcript.

Academic Probation

When a student earns a second B- in a course, he/she will be placed on academic probation. The school will notify the student in writing. Academic probation will be recorded on the student's permanent academic record.

A third grade of a B- will result in dismissal from the school.

Appeals

If a student is dismissed for failure to meet academic standards, the student may appeal to the Academic Committee for readmission. The student must show that there were exceptional circumstances involved and provide evidence indicating that he or she can remove the GPA deficiency within one semester.

Academic Integrity Commitment

The maintenance of academic integrity and quality education is the responsibility of each student at World Mission University (WMU). Cheating or

plagiarism in connection with an academic program is an offense for which a student may be expelled, suspended, or given a less-severe disciplinary action. Academic dishonesty is a serious offense which diminishes the quality of scholarship and defrauds those who depend upon the integrity of the educational system. Academic dishonesty includes:

1. Cheating: Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
 - a. Students completing any examination should assume that external assistance (e.g., books, notes, calculators, conversations with others) is prohibited unless specifically authorized by the instructor.
 - b. Students may not allow others to conduct research or prepare any work for them without advance authorization from the instructor.
 - c. Substantial portions of the same academic work may not be submitted for credit in more than one course without authorization.
2. Fabrication: Intentional falsification or invention of any information or citation in an academic exercise.
3. Facilitation of academic dishonesty: Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.
4. Plagiarism: Intentionally or knowingly representing the works, ideas, or work of another as one's own in any academic exercise.

International Students

F-1 students are held to the same standards as regular students and must maintain Academic eligibility. If an F-1 student fails to maintain Satisfactory Academic Progress, he/she will be notified in writing and placed on academic probation for one semester. The F-1 student must show he/she is making progress during the probation period. If at the end of that semester the student has not brought their GPA above the satisfactory level of 3.0, the student will be dismissed from the university and their I-20 will be terminated.

Student Right to Cancel

You have the right to cancel your agreement for a program of instruction, without any penalty or obligations, through attendance at the first class session or the seventh calendar day after enrollment, whichever is later. After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro rata refund if you have completed 60 percent or less of the scheduled days in the current payment period in your program through the last day of attendance.

Cancellation may occur when the student provides a written notice of cancellation, by mail or by hand delivery, at the following address:

Admissions Office
World Mission University
500 Shatto Pl. Suite 600
Los Angeles, CA 90020

Withdrawal from the Program

You may withdraw from the school at any time after the cancellation period (described above) and receive a pro rata refund if you have completed 60 percent or less of the scheduled days in the current payment period in your program through the last day of attendance. The refund will be less admission fee and application fee. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is

considered earned and the student will receive no refund.

For the purpose of determining a refund, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies WMU of the student's withdrawal or as of the date of the student's withdrawal, whichever is later;
- WMU terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences in excess of maximum set forth by the institution; and/or failure to meet financial obligations to WMU;
- The student has failed to attend class for three (3) consecutive weeks; and

- The student fails to return from a leave of absence.

Refund Policy

For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the daily charge for the program (total institutional charge, minus non-refundable fees, divided by the number of days in the program), multiplied by the number of days scheduled to attend, prior to withdrawal. For the purpose of determining when the refund must be paid, the student shall be deemed to have withdrawn at the end of three (3) consecutive weeks. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the student. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

Payment Schedule

All tuition and fees are due at registration. Full-time students who are financially unable to pay all tuition and fees at registration may be allowed to pay by installment as follows:

1/2 tuition plus all fees at registration
1/4 tuition by the end of the 4th week

For continuing students:

1/3 tuition plus all fees at registration
1/3 tuition by the end of the 4th week

Students will not be permitted to register for a new semester unless all financial obligations of prior semesters at the school have been settled.

If a student fails to pay the remaining balance by end of the 8th week, 12% interest(year basis) will be charged each month until the student has paid the balance in full.

Student Tuition Recovery Fund

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loan; and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program; or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a residency program, attending certain schools regulated by the Bureau for Private Postsecondary Education.

You may be eligible for STRF if you are a California resident or are enrolled in a residency

program, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other cost.

5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act.

Federal Financial Aid

The cost of higher education has increased significantly and paying for higher education is a challenge for many students. Many students are forced to rely on some outside help to pay for the rising costs of postsecondary education. Some students work while attending school, others seek educational loans. Federal Student Aid (FSA) is available for WMU students. World Mission University (WMU) is committed to helping students apply and receive FSA based on their eligibility.

The financial aid office at WMU will do its best to assist students in the application process for FSA, answer questions, and process all FSA in a professional and timely manner.

Requirements for Eligibility

Requirements for Eligibility are the following:

- The student must be a citizen or eligible non-citizen
- Have a high school diploma or GED
- Must be enrolling in an eligible educational program
- Working toward a degree or certificate
- Making satisfactory academic progress
- Must not be in default of a previous federal educational loan
- If a student already has a Baccalaureate degree he/she is not eligible to receive Pell grants but educational loans are available
- A student who has a federal or state drug conviction can be disqualified for Federal Student Aid

Applying for Federal Student Aid

To apply for Title IV aid, a student submits a Free Application for Federal Student Aid (FAFSA). This is required for all students who wish to receive FSA. Through an established formula a student's need is calculated based on an analysis of household and financial information from the FAFSA and determining the Expected Family Contribution (EFC).

Types of Aid

- Federal Pell Grants are need-based and do not need to be repaid.
- Federal Supplemental Education Opportunities Grant (FSEOG) and Federal Work Study (FWS) programs are a campus-based, federally funded employment program that provides paid jobs on campus or off campus for students who need such earnings to meet a portion of their educational expenses.
- Direct Loans must be repaid once the student graduates or withdraws from school.
- WMU also offers some limited scholarships to students based on need.

For more information regarding financial aid please contact the Financial Aid Office.

Return of Title IV Funds Policy

When a student who receives Federal Student Aid funds withdraws from the World Mission

University prior to completing 60% of a payment period or period of enrollment (Fall, Spring Semesters), the student may be required to return a portion of his/her Federal Aid received.

A return is only required of those students who withdraw from school, who cease to be enrolled. A student who reduced his/her course load is considered a reduction and not a withdrawal. A Return calculation is not required for such students.

The calculation required determines a student's earned and unearned Title IV aid based on the percentage of the enrollment period completed by the student. The percentage of the period that the student remained enrolled is derived by dividing the number of days the student attended by the number of days in the enrollment period.

If the withdrawal date is after the 60% point in the payment period or period of enrollment, a student is considered to have earned 100% of the Title IV funds he or she was scheduled to receive during the period. For such a student there are no unearned funds. WMU will still complete a Return calculation in order to determine whether the student is eligible for a post-withdrawal disbursement.

WMU must determine the student's withdrawal date. The withdrawal date is defined as:

1. The date the student began the withdrawal process or officially notified WMU of his/her intent to withdraw; or
2. The last date of attendance at an academically-related activity by a student who does not notify WMU.

Based on the date of withdrawal, the financial aid office will determine the actual date of the student's withdrawal and using the Return of Title IV form provided by the Department of Education, calculate the amount, if any, the student must return. The student will then be notified by mail of any amount of Federal Aid that they must return. In some cases both the school and the student may be required to return unused or unearned portions of Federal Aid to the Federal Title IV program.

Overpayments and Overawards

There are times when a student's award package exceeds the student's need. There may be circumstances that change a student's award package after the aid has been awarded that result in an overpayment. For example a student may receive a scholarship or grant from an outside source or organization, or the student may want to extend his or her work-study employment. In case of overpayments or overawards the WMU financial aid office will need to make adjustments to the other federal student aid in the package.

When the total of all aid received by the student exceeds the student's cost of attendance budget, awards in the package will be adjusted (cancelled or reduced) in order to eliminate the overaward. Federal Work-Study awards and loans will be reduced before any reduction is made to Pell grant or scholarship awards.

Students who owe funds due to overpayment or overaward will be required to make payment of those. As required by federal regulations, the Office of Financial Aid will report the overpayment to the Department of Education via the National Student Loan Data System (NSLDS) within 30 days from the date when the overpayment was created.

The amount of the overpayment may be satisfied by reducing the student's federal award(s) in a subsequent enrollment period during the same award year as the overpayment was created. If the overpayment amount cannot be satisfied by deducting the amount from a future disbursement, the student is responsible for making direct restitution.

For examples of the Return of Title IV Funds calculations or questions regarding the overpayment policy, please contact the Financial Aid Office.

Student Life and Services

Standards of Conduct

It is assumed that each student who enrolls at WMU will be in accord with the school's aims and will cooperate in furthering these purposes by adhering to the regulations governing student behavior (Philippians 3:17). WMU expects all of its students and employees to abide by the highest standards of moral and ethical behavior in harmony with its Christian philosophy and purposes (I Peter 1:15-16). WMU reserves the right to refuse admittance to or to suspend any person who violates these principles.

The Standards of Conduct attempt to stimulate not only intellectual growth, but also spiritual, ethical, and emotional growth. The WMU Standards of Conduct foster among students, faculty, and administrators a spirit of community. Furthermore, it creates a climate of mutual trust, respect, and interpersonal concern where openness and integrity prevail (Romans 12:10, I John 4:21, I Peter 2:17, Hebrews 13:16-17).

The Standards of Conduct emphasize the dignity of each individual in pursuing self-improvement and developing full personal potential (I Corinthians 10:24). It provides free competition and independent intellectual effort, without tolerating dishonesty, cheating, or plagiarism in any form. Each member of the WMU community is expected to adhere to and enforce the standards (Genesis 1:26-27, Romans 12:2, I Peter 1:15-16). A full statement of the WMU's Standards of Conduct is included in the WMU College Student Handbook. It is the obligation of every student to be familiar with this standard.

Improper conduct for which students are subject to discipline includes dishonesty in any form. Furnishing false information to the school with prior knowledge, forgery, alterations, or misuse of any WMU documents are violations of this principle.

Discipline

A student violating any regulation of WMU intentionally and continuously will be disciplined.

Any student whose GPA is below 2.0 on the 4.0 scale will be placed on probation.

Any student whose moral conduct violates Christian principles will be disciplined. This includes, but is not limited to: cheating, plagiarism, drunkenness, sexual assault, physical violence, adultery, homosexual conduct, and stealing. Discipline will be administered through the Student Discipline Committee. There are four categories of discipline: warning, probation, suspension, and dismissal. Appropriate demonstration of Christian character is a requirement for graduation.

Sexual Harassment

The World Mission University is committed to providing a safe learning and working environment. In keeping with this commitment, the school prohibits unlawful harassment including sexual harassment by any of its employees, students, staff, faculty, or anyone conducting business on University premises. Sexual harassment is defined as any unwelcome or unsolicited attention of a sexual nature, including but not limited to verbal, physical, or visual contact. Any person who observes or is subject to an act of sexual harassment should report it immediately to the nearest faculty or staff member, who will notify the Dean of Student Affairs. Confidentiality is required in order to protect all parties involved. Appropriate disciplinary action will be taken for students, faculty members, or staff members accused of sexual harassment.

Student Orientation

WMU offers orientation each semester for new and continuing students to provide information on school life, policies, regulations, faculty, administration, and the surrounding community for the upcoming semester. Orientation is required of all new students.

International Students

The needs of students studying at WMU on an F-1 visa are unique and require additional attention to meet their needs. WMU recognizes that these students need more help than local students in adjusting to life at WMU and United States. The international student office is available to answer any questions international students may have.

The university does not operate dormitories. International students who need to find housing can search on local Korean websites for vacancies near the university.

Student Fellowship

Every student enrolled at World Mission University is a member of the Student Fellowship. The student activity fee funds student activities. The Student Fellowship seeks to stimulate prayer and community among students and organizes the semesterly mountain prayer meetings.

Student Leadership

Comprised of students elected annually by the student body, the Student Council promotes students' interests and conducts activities which directly relate to student life. For example, the Student Council nominates students to serve on various faculty/student committees, presents the needs and desires of students to the school, and organizes social events for fellowship during the school year.

Worship and Spiritual Life

Students at World Mission University enjoy a variety of opportunities to enhance their spiritual development. It is expected that all students will regularly attend and be involved in a local church.

World Mission University conducts Revival Meetings at the beginning of each semester. There are chapel services for students every Tuesday and Thursday on campus. Online chapel service is available for WMU students studying from distance. Students who want to register for online student chapel must contact the Distance Education Coordinator and register. Chapel services feature worship, as well as messages by members of the faculty and other Christian leaders. All students are expected to attend chapel. In addition, to assist in the spiritual nurturing of the student body, the Student Government Council arranges the Mountain Prayer Meeting during each semester.

The worship services and other spiritual nurture opportunities are intended to complement the instruction and spiritual growth students receive in the classroom.

Student Handbook

The students and staff of WMU have written a special handbook in which the specific requirements of student conduct have been detailed. This handbook also contains specific information on community resources, school procedures, student organizations, and student activities.

Counseling Services

Counseling services are available to interested graduate and undergraduate students. The Chief Academic Officer and faculty are ready to meet the needs of academic counseling. Besides, for psychological or adjustment issues, personal and professional counseling services could be provided by Korean American Counseling Center in World Mission University. Low fee will be charged for the personal or professional counseling of WMU students. The request form for counseling is obtainable in the main office. In case of emergency, a full-time faculty member or an administrator can be contacted. Students will be referred to outside professional counseling services when necessary.

Graduation and Employment

Those who minister at WMU feel they are stewards of the students God has entrusted to us to equip for His service. We have been proud of the dedication and hard work demonstrated by our students. Since our founding in 1989, we are grateful to have seen many students graduate from our bachelor and graduate programs. More impressive than the dedication to study demonstrated by our students has been their commitment to serve Jesus Christ after graduation. Many of our alumni are serving in ministry positions, serving overseas as missionaries, and/or are currently pursuing graduate studies.

Student's Complaint Procedure

A student with complaints relating to a particular class, grade, or instructor should discuss them first with the instructor. If the complaint is not resolved satisfactorily, the student should then contact the Dean of Student Services. The Dean of Student Services will review the complaint with all parties concerned and investigate all documentation.

Complaints will be determined unfounded and rejected or valid, at which time a settlement will be determined. The Dean of Student Services will write a decision within five days, notifying the student(s) by mail and a copy of the decision and complaint will be placed in the student's academic file. The complaint will be logged on the University's complaint record. The Dean of Student Services' decision is considered final. Students have the right to contact:

Student Privacy Policy

WMU protects the privacy of all students, adhering to the same privacy standards for online students as it does for students studying on the campus.

WMU issues a unique user ID and password to each student upon enrollment and each college employee upon date of employment. The user ID is required for both students and faculty to access the MOODLE course management system for all courses, including distance learning courses (MOODLE stands for Modular Object-Oriented Dynamic Learning Environment). MOODLE is a secure environment where faculty members post course materials, assignments and exams, provide chat and discussion forums for their courses, and where students participate in forum discussions, chat sessions, upload assignments, and take quizzes and exams. The privacy of individual students' assessments and grades is maintained within the course management system.

Anyone using MOODLE is required to have a unique user ID and password to access any course management resources. Faculty are restricted to accessing information associated with the specific courses they teach. Students are automatically enrolled in courses through a batch process run by the administrative team in May, June, July, August, and January each year and identified by their unique user ID and password. Students are restricted to faculty-published information in courses for which they have enrolled and student-group related activities in a given course. Guest access to courses is not allowed. Course and user profile information is not visible to anyone without an account. Authorized Moodle users cannot view the profile information of other users unless those users give permission.

Secure Login and Password: Each distance learning faculty and student enters his/her user ID and password into Moodle to gain access to authorized Moodle learning environment resources. This combination of user ID and password identifies faculty and students to the system on each course visit. All users should understand the following:

- All parties accept responsibility for the security of their personal passwords;

- Private student information is separated from others' within the course management system and protected from outside intruders through limited student group permissions; and
- Private faculty information is protected from student views within the course management system and from outside intruders through typical faculty group permissions.

Technical Requirements

It will be essential for you to have access to a computer if you take a course delivered via the internet. You may also use the computers located in the library. Students are expected to check their e-mail on at least a weekly basis for communication with their instructors. Having your own computer may be more convenient.

You need to have some basic technology skills, such as word processing and using a web browser. If you don't presently possess these skills, you will need to pick up on them fairly quickly. If you don't think you can learn these technology skills easily, you may need to develop new skills, take a class or do some reading before enrolling.

The successful online student knows how to:

- Start, shut down, and reboot a computer appropriately;
- Use a keyboard and mouse gracefully;
- Use his or her Internet Service Provider or otherwise gain access to the Internet;
- Access URLs (addresses) on the Internet;
- Use online search tools to locate materials on the web;
- Navigate forward and backward on web sites with links, frames, image maps, and other elements;
- Troubleshoot a URL or link that is not working;
- Recognize when a "plug-in" is needed to view a particular web page;
- Print pages in the programs he or she uses, especially web browsers;
- Send, receive, reply to, and forward email;
- Send and receive email attachments;
- Use a word processor;
- Copy and paste text across documents and software applications;

- Save a document or other file to a particular location; and
- Find a file or document previously saved.

Spend some time at your computer and on the Internet every day, getting comfortable with your equipment and surroundings. Practice your computing skills until you feel confident that you can complete class assignments.

Student Responsibilities

In the distance learning environment, some responsibilities shift from the instructor to the student, given the independent nature of the learning experience. In addition to setting and sticking to your own schedule, reading all the assigned chapters and keeping up with due dates, you must do a few things to make the distance learning process work:

- Do not procrastinate!;
- Make sure you keep a copy of every assignment you submit;
- Check with your instructor for the file format for assignments and how to submit them;
- Identify yourself in all e-mail messages using your actual name, as your e-mail address may not identify who you are; and
- Evaluate the course delivery method as well as the course. Ask for help when you need it.

Instructor Response Time

As a general policy, grades for all assignments and exams will be available two week after the due date or the exam date. If the time frame within which the instructor gives feedback and grades for exams or assignments varies, the instructor specify in the course syllabus the expected response time for all submissions.

Academic Honesty

Given the lack of face-to-face contact in the distance learning environment, instructors invest a great deal of trust in distance learning students. High expectations are held for the level of maturity and integrity in the distance student.
